

# Q&A with François Chollet

## The Inventor of ARC

**Discussion:** Join in on a 20-minute discussion with François Chollet, moderated by ARC specialists Michael Hodel and Simon Ouellette. This segment is about François' insights into crucial challenges related to solving ARC and the community's effort to break the world record.

**Audience Q&A:** Members of the audience can submit their own questions via chat. Our two moderators will select questions and ask them directly to François.

**Special Announcement:** The Lab42 team will conclude with an exciting ARCathon 2023 announcement. Stay tuned!
